Council Members,

I recently received notice that the Department Of Transportation requires an annual payment of \$680 to maintain the "Antique District" signs on the I-5 entrances to Kalama. Being as I am somewhat new to the antiques business I was unaware of this annual payment. After making several inquiries I found that the city has payed this item in the past. I would hope that the city would continue to do so.

In the short time that I have had a shop in Kalama I have noticed that a great deal of business has been generated by people noticing the signs and making a stop in Kalama. Most of them stay in town to eat at the local restaurants, get fuel or to simply tour the town. I feel that the signs are a major benefit to Kalama but am unable to support them on my own. I realize that it is too late to include the signs in the city budget but if the council could approve the payment it would greatly benefit downtown Kalama.

Thank you for your consideration,

John Norton
