RE: Maintenance of Streetscape on 1st Street

The Honorable Members of the Kalama City Council:

On behalf of the Board of Citizens of Envision Kalama, I write to express our gratitude for the City's funding of the landscaping position for the downtown streetscape. The downtown has never looked better thanks to the level of care provided this year.

We commend the efforts of Kim Sibley as she has done a wonderful job of keeping the plants in a healthy, well maintained state. Ms. Sibley clearly has expertise in landscape maintenance and we express our gratitude to her for a job well done. We also extend our thanks to Kelly Rasmussen for leading the effort to implement the program.

As we as a community continue to pursue the enhancement of the appearance of the downtown, it will further improve the economic welfare of our businesses and the City's ability to provide services. Thank you for investing in the downtown.

Sincerely,

Mark Wilson, President
Envision Kalama
