

WAC 197-11-970 Determination of nonsignificance (DNS).

DETERMINATION OF NONSIGNIFICANCE

Description of proposal The Port of Kalama proposes to construct an infiltration pond for stormwater infiltration. The purpose of the project is to avoid direct discharge and improve water quality from an existing heavy industrial area. The project includes a three-cell infiltration pond, replacing stormwater pump system, capping two storm pipes, demolishing two buildings, removing utility poles, relocate a transformer, removing concrete blocks, removing a pump, minor filling, excavation, and grading, and maintaining the infiltration ponds, including pond vegetation and soils to maintain infiltration. The project will involve approximately 7,400 cubic yards of excavation and 2,500 cy of fill to create the ponds. Stormwater from the surrounding area will be pumped to the ponds for infiltration. All elements of the project will occur on existing impervious surfaces, which are underlain by historic fill.

Proponent: Port of Kalama, 110 W Marine Drive, Kalama, Washington 98625 _____

Location of proposal, including street address, if any: Section 7, Township 6 N, Range 1W WM
Site is at and near 1253 N 3rd Street,
Kalama, WA 98625 _____

Lead agency: Port of Kalama _____

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030 (2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.

- There is no comment period for this DNS.
- This DNS is issued after using the optional DNS process in WAC 197-11-355. There is no further comment period on the DNS.
- This DNS is issued under WAC 197-11-340(2); the lead agency will not act on this proposal for 14 days from the date below. Comments must be submitted by November 23, 2017.
