

## DETERMINATION OF NONSIGNIFICANCE Non Project Action

### Description of proposal:

This update will replace the Shorelines Master Program for the City of Kalama, Washington 1977. The update includes designation of shorelands in the City with a Shoreline Environment Designation (SED) and provides goals, polices and regulations for managing uses and developments in those shorelands. The SMP includes general shoreline regulations that apply to all uses and developments and specific regulations that apply to specific types of uses and developments.

This update is a periodic update as required by RCW 90.58.080 and the conclusion of a comprehensive update allowed by RCW 90.58.090. The updates proposed would change Kalama Municipal Code (KMC) Title 15.08 (Shoreline Master Program), of the City's Municipal Code. The changes would update the Shoreline Master Program to instead reference the version included with the SEPA Environmental Check List.

The update brings the City of Kalama SMP into compliance with Washington State Department of Ecology shoreline guidance and updates to the Washington Administrative Code.

### Proponent: City of Kalama

Todd Johnson, TRJ Planning Inc., Consulting City Planner  
City of Kalama  
PO Box 1007  
Kalama, WA 98625  
(360) 673-3706

### Location of proposal, including street address if any:

The proposal covers all land within the City of Kalama UGB

### Lead agency: City of Kalama

### Existing Environmental Documents:

Materials including the documents listed in the Environmental Check List are available for review at City Hall at 195 N. First St., Kalama WA 98625.

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An Environmental Impact Statement (EIS) is not required under RCW 43.21c.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.

There is no comment period for this DNS.

This DNS is issued after using the optional DNS processing WAC 197-11-355. There is no further comment period on the DNS.

This DNS is issued under WAC 197-11-340(2); the lead agency will not act on this proposal for 14 days from the date below. Comments must be submitted by: October 8, 2021
